Hon. Treasurer :
Sir WILLIAM JAMES THOMAS, Bt., LL.D., J.P.

LEONARD D. REA, F.C.I.S., Secretary.

WESTERN MAIL LTD., CARDIFF. 1545N.

Let me once again express our deep and sincere thanks to all who have given of their best in time and money during the past year and by so doing have enabled us to present so favourable a Report.

I do hope you will read it carefully, it is one of the best we have ever issued.

We shall however need every ounce of effort to live up to the fine record we have established this I feel sure will be forthcoming for our work is well worth doing.

COVENANTED SUBSCRIPTIONS TO THE CARDIFF ROYAL INFIRMARY.

THE INCOME TAX ALREADY PAID BY THE SUBSCRIBER RECOVERABLE BY THE INFIRMARY.

* The Income of Charities is exempt from Income Tax, and if a Subscriber, who is an Income Tax payer, is prepared to covenant by deed to pay a regular annual subscription for a period of seven years, it is now possible for the Infirmary to recover the tax which has been paid by the subscriber, and so to increase the amount actually received by the Infirmary by 25 per cent. without increasing the amount payable by the subscriber.

A subscription of £1 hitherto paid to the Infirmary represents a gross amount of 25s., from which 5s. has been deducted for Income Tax.

Under this scheme the subscriber will covenant to set aside from his gross income 25s. annually for the benefit of the Infirmary. He will pay his Income Tax as before, and will forward to the Infirmary his usual net subscription of £1, and he will fill in a form (which will be supplied by the Office), stating that he has paid Income Tax at the rate of 4s. in the £, amounting to 5s. The Infirmary will then be able to claim repayment of the 5s., and the £1 subscription will appreciate to 25s. In like manner a £5 subscription will appreciate to £6 5s. 0d., a £10 subscription to £12 10s. 0d., and so on, pro rata. Further, the subscriber, if liable to Super Tax, can obtain relief from such tax in respect of the subscription and the Income Tax thereon.

It is proposed to invite any subscribers of sums from £1 upwards, who feel that they can thus bind themselves to maintain their subscriptions for a period of seven years, to sign the necessary covenant, and so increase the funds available for the Infirmary.

The scheme cannot be made retrospective, and can apply only to subscriptions that are paid after the necessary Deed has been signed, and, of course, only to those who pay Income Tax.

Any subscriber who is willing to adopt this scheme is requested to write to the Secretary at the Infirmary Office, 67, Newport Road, Cardiff, who will then prepare and furnish the necessary Deed of Covenant for completion by the subscriber. This Deed, when completed, will be returned to the Office for safe custody.

N.B.—In case of the death of a subscriber within the seven years the Agreement becomes void and does not create any charge on his or her estate.

* See Income Tax Act, 1918, Sections 37-40 ; and Finance Act, 1922, Section 20.

I,

of

in the County of

HEREBY covenant with the CARDIFF ROYAL INFIRMARY that for seven years from the day of One thousand nine hundred and I will pay such sum as after deducting Income Tax thereon at the rate for the time being in force will amount to the net sum of £ per annum payable on the day of in each of the seven years 19 to 19 inclusive and out of my general fund of Taxed Income to the said CARDIFF ROYAL INFIRMARY for the general use of the Infirmary, but so that I shall receive no personal or private benefit in any of the said seven years from the said payments or any of them or any part thereof PROVIDED ALWAYS that in the event of my death prior to the date on which the last of the said yearly sums is due to be paid all liability under the foregoing covenant shall cease except as regards any yearly sum which shall become due prior to the date of my death

Board of Management meets Quarterly.

CARDIFF ROYAL INFIRMARY.

ANNUAL REPORT OF THE BOARD OF MANAGEMENT FOR THE YEAR 1928.

The period covered by the Ninety-Second Annual Report of the Board of Management of the Cardiff Royal Infirmary has again been one of acute depression in our principal industries, but the Board are nevertheless pleased to report that they have been able to conclude the year with a credit balance of £11,153 12s. 3d., which has gone towards reducing the amount of our overdraft. Having regard to the difficult circumstances of the time, the result is one which the Board feel they have every reason to be proud of, and is an earnest of our endeavours to free the Institution of a load of depressing and crippling debt.

It should be borne in mind, however, that of the credit balance shown above, £10,670 consisted of legacies and special donations, as against £3,967 10s. 10d. of comparable revenue in 1927. Also included in this year's accounts is the Ware Ward Fund of £5,113 15s. 9d. It should be noted that a corresponding amount will be required in 1929, as the Ward is still in commission, and no special appeal is being made this year for its upkeep.

The Work of the Infirmary.

The figures given in the Report of the Medical Superintendent show an increase of 21 in the average daily number of occupied beds in 1928—the number being 349·9 as against 328·9 in 1927. The number of patients treated during the year was 5,054 as against 4,765 in 1927, and a very large increase has to be noted again this year in the number of out-patients treated, namely, 32,511, as compared with 30,078 in 1927.

Reduced Cost per Bed.

The average cost per bed has again been substantially reduced, as the following figures show :—

1925.	1926.	1927.	1928.
£149 19s. 2d.	£153 2s. 7d.	£144 10s. 2d.	£139 18s. 3d.

There has also been a reduction in the cost of treating out-patients, the figures for the same years being :—

1925.	1926.	1927.	1928.
7s. 0d.	6s. 10d.	6s. 6d.	6s. 3d.

The importance of these figures lies in the fact that with a reduction in the average cost we are able to treat a larger number of patients.

The past year afforded further proof of the great value and assistance of the William Nicholls Convalescent Home at St. Mellons. The number of patients there in 1928 was 887, as compared with 835 in 1927. The Home is ideally situated for the convalescence of patients, and as the site affords ample room for expansion further use will be made of it as time and resources allow.

The William Nicholls Convalescent Home.

The relations of the Infirmary with the Medical School have been most unhappy for a long time, and during the year the differences between the two Authorities reached an acute stage, with very serious developments.

Differences with the Medical School.

It is not the intention of the Board on the present occasion to enter into the merits of the dispute, as negotiations are still proceeding with a view to arriving at a new agreement, and the Board have no desire to prejudice or render difficult any honest effort that may be made in this direction. It should, however, be recorded, in justice to the Infirmary, that had the Medical School Authorities dealt with these complicated questions when definite notice was given, and not allowed the delicate position to develop until the expiration of such notice, a happier issue might have been reached.

One feature of which the Hospital is deservedly proud is its increasing hold upon the loyalty and affections of the workmen of South Wales. They know, and none better, what such a hospital as ours means for them, and their appreciation of the services it has rendered, in and out of season, is expressed in the unselfish support they have accorded it despite the leanness of the times. The closing down of collieries owing to the prolonged depression in trade, which we all hope is nearing an end, has naturally interrupted the flow of contributions from the distressed areas, but as against that new sources of revenue have been tapped elsewhere, and additional contacts are being established which will, we hope, result in a still wider area of support. The wisdom of this policy is justified in the total of the workmen's contributions for the year under review. In 1926 these had fallen to £16,459 10s. 5d. In 1927 they rose to £23,586 6s. 10d., and 1928 showed a still further improvement to £24,641 11s. 3d. Last year more than one-third of the total revenue of the Infirmary was provided by means of deductions from the wages of working men and women, and while the Board of Management desire again to place on record their appreciation of this splendid support, they would point out that as the demands of the institution never flag, they would welcome the co-operation of all employees in the area who have not yet availed themselves of the privilege of systematic support to the Infirmary.

Workmen's Contributions.

While on the subject of contributions, the Board may be permitted once more to direct attention to the scheme whereby a subscriber who is an income tax payer may covenant to pay a

Covenanted Contributions.

regular annual subscription to the Infirmary for a period of seven years. As the income of charities is exempt from income tax the amount actually received by the Infirmary under the scheme is augmented by 25 per cent. without increasing the amount payable by the subscriber. Thus, a subscriber who covenants to set aside from his gross income 25/- annually for the benefit of the Infirmary will pay his income tax and will forward to the Infirmary his net subscription of £1, at the same time filling in a form (obtainable from the Office) stating that he has paid income tax at the rate of 4/- in the £ amounting to 5/-. The Infirmary will then be able to claim repayment of the 5/- and the £1 subscription will appreciate to 25/-. Larger subscriptions will appreciate pro rata. In the case of the death of a subscriber within the seven years the agreement becomes void and does not create any charge on his or her estate. Subscribers who are willing to adopt this scheme to increase the funds available for the Infirmary can be furnished with the necessary deed of covenant by the Secretary. The deed, after being duly completed, should be returned to the Infirmary Office for safe custody.

Help from many Quarters.

Numerous efforts to augment the funds of the Infirmary were promoted during the year. A " Hospital Day " at Treharris, held on 13th July, in aid of the Cardiff Royal Infirmary and the Merthyr General Hospital, resulted in a sum of £100 being added to our treasury.

The ball organised by the hotel proprietors and caterers of Cardiff at the City Hall on 17th February resulted in the gratifying sum of £850 being added to our funds. In handing over a cheque for that amount Mr. H. A. Heck, who acted as honorary secretary of the effort, expressed the hope that the next effort of a similar kind would bring the amount up to 1,000 guineas.

A sum of £160 was also received as a result of the annual New Year Carnival Ball organised by the Incorporated Cardiff and District Retail Meat Traders' Association, at the City Hall, while £245 5s. 9d. was received from the proceeds of the annual Infirmary Ball held on 11th January.

An instance of how sport may be linked up with charity to the advantage of both was provided at the Sloper Road (Cardiff) Greyhound Racing Track on 27th October, when a " benefit " night in aid of the Infirmary was arranged in connection with the final of the Welsh Grand National Hurdle Race. The effort resulted in a cheque for £328 15s. 7d. being handed to the Infirmary, which included a donation of £105 from the Welsh National Sporting Association. In handing over the cheque Lieut. Col. G. R. Powell, O.B.E., Chairman of Directors, South Wales Greyhound Racing Association, said it was the intention of the Association to make such benefits an annual affair.

A tournament organised by the Welsh Amateur Boxing Association was another noteworthy effort by sportsmen on behalf of the Royal Infirmary, from which the institution benefitted to the extent of £160 0s. 9d.

The Board would again most gratefully acknowledge the considerable help received from both Bowling and Golf Clubs, whilst a few Lawn Tennis Clubs during the year joined in helping the Infirmary. The satisfaction and joy of being able to assist such an institution and at the same time have a real good day's sport makes a special appeal to all concerned. The enthusiasm with which the various efforts have been carried out by the clubs has been a source of great encouragement to the Board. If the movement succeeds in spreading over the whole district served by the Institution, the return will be substantial.

We are again indebted to the Glamorgan Police Athletic Club for arranging a football match, and to the Welsh Rugby Union and the Cardiff Athletic Club for kindly permitting collections to be made on Cardiff Arms Park on various occasions.

The Eisteddfod held at the Drill Hall, Cardiff, in aid of the Infirmary was a venture which appealed to the national instincts of the Welsh residents of the city and resulted in the gratifying sum of £420 being added to the funds of our Institution.

The Tinfoil Collection Scheme, initiated in July, 1926, was last year the means of adding £205 10s. 4d. to our funds. This is a branch of activity wherein a small army of quiet and diligent workers, including a large number of children, are unobtrusively engaged in doing real service to the Infirmary and our thanks are most cordially accorded to them.

Another most pleasing feature of the year's efforts for the Infirmary is the annual offering of the School Children of Cardiff. Last year they contributed in pennies week by week no less a sum than £380 4s. 8d., and the aggregate since 1903, when the scheme was launched, stands at the handsome total of £8,047 13s. 10d. In acknowledgment of the children's work for the Infirmary, Sir William James Thomas, Bart., has offered to bear the expense of erecting a tablet at the Institution recording the result of their efforts year by year.

The Garden Fête held in the grounds of the Convalescent Home at St. Mellons on 15th September, realised £365 13s. 0d., and our warmest thanks are due to the assistant secretary, Mr. Victor Lewis, who was responsible for the arrangements.

During the year £560 14s. 0d. was collected from patients' visitors, bringing the total amount received from this source since its inception in May, 1926, to £1,362.

A sum of £226 10s. 4d. was realised from the sale of a supper-cloth worked by a Cardiff lady who, moved by the appeals for the Infirmary, informed Miss Diamond that she would present the article if it could be sold for a sum equivalent to its value. Through the devoted help and co-operation of Madam McArthur and her staff, of 50, Albany Road, facilities were given for a competitive sale of the cloth with the result stated.

Alexandra Rose Day collections last year amounted to £1,009 18s. 7d., a very gratifying result both to the Infirmary and to the army of ladies to whose unselfish devotion the result is due. In this connection, the Board wish to place on record their indebtedness to the Cardiff and District Licensed Victuallers' Association, whose Alexandra Rose Day collections in licensed houses since 1925 amount to no less than £540 1s. 5d.

"Mothers' Day," organised by the Cardiff and District Free Churches' Sisterhoods Federation, realised £342 8s. 5d., a record sum. To mark the culmination of the Sisterhoods' thousand guinea scheme, a tablet has been placed in the Llanbradach Ward, which was formally unveiled by Mrs. Tetsill as a representative of the Sisterhoods.

The annual Rag and Demonstration, jointly organised by the University College Students and the Students of the Technical College, yielded £981 16s. 1d. In addition to providing a full week's wholesome fun free of charge to the public, the students succeeded in compelling interest in the affairs of the Infirmary by their raids on the City and the Valleys, and the publication of "The Wail" brought laughter—and tears—to the eyes of thousands of sober-minded folk. The financial result of their efforts, though falling short of the previous year's total, was a worthy achievement having regard to the general impoverishment of the area which the hospital serves, and the Board, as in past years, tender the students their due gratitude and acknowledgment.

The Board are also indebted for a contribution of £210 9s. 0d. from the Cardiff Association of Conservative Clubs, while the exhibition of the Infirmary film resulted in the sum of £183 19s. 9d. being added to our funds.

It is to be regretted that no special opportunity was afforded during the year for the activities of the Voluntary Committee, who have in previous years contributed such valuable assistance to the Institution. There is reason to hope, however, that circumstances will enable them, at no distant date, to give further proof of their devotion to the Institution on lines in general harmony with the desires of their numerous followers.

Friendly Societies' Support.

The Friendly Societies "Thank-Offering" Scheme continues to bear rich fruit. Last year the contributions deposited in their boxes amounted to £1,195, the total to date since the scheme was

inaugurated in 1925 being £4,299. The scheme, which is in operation in some twenty districts, is an admirable object lesson in practical sympathy with those stricken with disease or accident, and deserves being taken up on an extended scale. The thanks of the Board are cordially tendered to the Friendly Societies Council and their workers.

Owing to the depressed industrial conditions, the result of Hospital-Sunday shewed a decrease of £28 compared with the previous year. There is reason to hope that this will be more than made good. Indeed, apart from the economic position, it only needs the continuity of support of men and women of goodwill to secure a return from this source indicative of the identification of the work of the Infirmary with the principles of religion.

100,000 Shillings Fund.

Twelve months ago the Board of Management promised that if the sum of 100,000 shillings—£5,000—could be raised, the Ware Ward of 34 beds would be re-opened for the reception of patients. The appeal was made, the response was forthcoming, and the promise was fulfilled. The Ward was opened on the 4th January, and during the year 516 patients were admitted and treated in this particular Ward. It contains beds for 22 female surgical cases, and in the adjoining Windsor Ward 12 children's cots for medical cases, a provision of great urgency and value in the interests of the child welfare of the district. It is gratifying to report that the shilling fund reached the handsome total of £5,113 15s. 9d., a result which amply endorses the courage and faith displayed by the Board in re-opening the Ward before the fund had been completed.

"The Cri."

The Infirmary at last possesses its own magazine. Two attractive numbers of "The Cri" appeared during the year, containing much valuable information relating to the great work of healing carried on at the Infirmary, and special articles on some of the personalities connected with the Institution. While the Infirmary is its own best advertisement, the Board nevertheless welcome the appearance of a new advocate of its claims, and trust that it will find a ready and increasing sale among the friends of the Institution.

Princess Mary's Visit.

Still one more proof of the interest evinced by our Royal Family in the Infirmary and its work was afforded by the visit of Princess Mary Viscountess Lascelles to the Institution on 30th June. Her Royal Highness toured the various wards, and betrayed particular interest in the Children's and Maternity Wards, where her charm of manner and winning smile endeared her to patients and staff alike. As evidence of Her Royal Highnes's interests in the Institution, the following communication received from the Lady-in-Waiting may be quoted :—

" . . . Princess Mary wishes me to ask you to convey

a message of thanks from Her Royal Highness to all those who arranged her visit to the Cardiff Royal Infirmary on Saturday. I am to say how much impressed with, and how greatly interested, the Princess was in your fine hospital, and how sincerely she congratulates Cardiff on its fine possession."

That the interest was not a fleeting one was shewn by the gifts sent by Her Royal Highness to the children at the Infirmary at Christmas, accompanied by a letter from the Honourable Sybil Kenyon-Slaney to the Matron, in which kindly reference was made to the Princess's visit to the Hospital earlier in the year.

Donations. Among the generous donations received during the year, the Board would like to mention the very acceptable gift of £2,100 for the naming of beds, from a lady whose deep and consistent interest in the Institution has been marked on many previous occasions by no less generous gifts, and that of £1,050 from Sir Thomas P. Thomas carries with it a special significance, resulting as it does from Sir Thomas's intimate knowledge of the affairs of the Infirmary in his capacity as Chairman of the Finance Committee.

Special mention should also be made of the welcomed gift of one thousand Machine Made Sales Shares from Mr. Colin Mason, the well-known Cardiff stockbroker, a splendid gesture which may open up avenues of vast possibilities. Mr. Mason placed us under a double obligation to him, first by his generous gift, and also by the striking manner he adopted to remind the public of the extent and many-sided character of the work done within our walls. In association with Mr. Mason's gift, Mr. T. H. Thomas, of Penarth, presented a Humber Touring Car to the Institution, which has been found very useful. From Sir William and Lady Seager we received £100 on the occasion of their daughter's engagement; from the Bernhard Baron Charitable Trust, £150; from Mrs. Morgan, of Rose Cottage, Rumney Hill, £200, for the purchase of two special insulated food trolleys, and for an electrical diathermy apparatus for use in the Operating Theatres.

Legacies. We have received during the year the following Legacies :—

Under the will of the late :—

Mrs. Gwennian Davies	£1,050	0	0
Mrs. Ellen Carey	500	0	0
J. Llewellyn Jones	50	0	0
Miss Ethel Ladner	20	0	0

(A sum of £8,000 on account of the residuary bequest of the late John Cory was also received during the year.)

Obituary. The Board have to record with deep regret the deaths of the Right Honourable Lord Buckland, Alderman Sir Amos Kirk,

Major John Griffith Jones, and Mr. Charles Cross, all life patrons of the Infirmary ; Mr. John Price, Clydach Vale, who had given thirteen years' continuous service as the representative of the Cambrian Collieries Workmen on the Infirmary Board of Management ; Mr. J. E. Hemmings, for many years honorary secretary of the School Children's Fund ; and amongst other friends of the Infirmary—Mr. David Owens, Mr. Sol. Phillips, Mrs. A. W. Sargeaunt, and Mrs. T. H. Owen.

In the death of Mr. Archibald Mason Jones, Honorary Surgeon to the Ear, Nose, and Throat Department, the Infirmary mourns the loss of a distinguished member of its honorary Medical Staff. He had endeared himself to all who were privileged to come within his sphere of influence, and the fine record of his relatively short life will always be held in grateful recollection both by staff and patients.

The Infirmary also lost a valued friend and servant by the death of Mr. Moses Pritchard, who had been gardener at the Convalescent Home, first at Lavernock and later at St. Mellons.

The Needlework and Linen Guilds.

The lists of the Committees of the Needlework and Linen Guilds will be found in the bound volume of the Report, but the Board feel that this modest statement which has been prepared by the ladies should not pass without a special recognition of the extraordinary helpful character of these Auxiliaries, which provide linen for this great Institution and suitable garments for many of the patients to wear during their residence at the Hospital.

The help afforded by the special Fund for the maintenance of Beds in the Thompson Ward, initiated many years ago by Lady Aberdare, is gratefully acknowledged, as are also the special services of the Samaritan Fund.

The Hospital Staff.

Mr. Robert Davies Owen, B.Sc., M.R.C.S. (Eng.), L.R.C.P. (Lond.), F.R.C.S. (Edin.), was appointed Honorary Assistant Surgeon to the Ear, Nose, and Throat Department in February, and on the lamented death of Mr. Mason Jones, Mr. Owen was elected Honorary Surgeon to the Department, Mr. A. A. Prichard, M.A., M.D., B.Ch. (Cantab), M.R.C.S. (Eng.), L.R.C.P. (Lond.) being appointed to succeed Mr. Owen as Honorary Assistant Surgeon in October last.

Nursing Staff.

Miss Lilian C. Swift, Second Assistant Matron, resigned on appointment as Matron of the Ashford (Kent) General Hospital, and Miss Beatrice Dascombe was appointed to the vacancy.

In closing their report the Board desire specially to thank the Student Nurses' Association for the performance given by them

on December 22nd to defray the cost of the Christmas decorations, and to record once more their admiration and appreciation of the services of the staffs in general. The noble work which the Institution is doing is a challenge to the best in us, and the proud position which the Infirmary holds to-day, not only among similar institutions throughout the country, but also in the affections of the great public which it is privileged to serve, is due in no small measure to the unselfish devotion of all its officers to the highest ideals of the service.

Statistics.

There are several satisfactory features to be noted in the figures shown above. In comparison with 1927, the additional number of In-Patients admitted is 312. This increase in the work has been rendered possible by the opening of the Ware Ward. It has been a great boon to have some cots available for medical diseases of children, and full use has been made of these facilities. The daily average number of beds occupied is increased by 21. It will also be noted that there is a very considerable addition to the number of out-patients seen.

One had anticipated an appreciable increase in the total cost of In-patients, but the actual increase is fortunately much lower than might have been expected. The average cost per occupied bed is lower by £4 12s., and there are slight reductions in both the average cost per In-Patient per day and per Out-Patient.

The average residence per In-Patient treated to a conclusion shows a fractional increase, and efforts will be made in the coming year to effect an improvement in this direction, but it will be borne in mind that the type of case admitted has much to do with this figure, and we continue to receive many cases who have to be

kept in hospital for lengthy periods, with a corresponding effect on the average.

Registrar's Department.

Once again, I have pleasure in testifying to the useful work done by Dr. R. H. Enoch, the Resident Registrar. The Second Annual Clinical Record has been issued, and is acclaimed as a model of what such a record should be. I should like to tender my best thanks to those members of the Honorary Staff who by their help and co-operation as members of the Records Sub-Committee have done so much to make a success of the Clinical Record.

Enquiry Department.

The excellent work instituted in this department has continued to grow in usefulness. Miss Morgan has not only developed her work most satisfactorily on the almonry side, but has also devoted considerable care and time to following up the question of contributions from Approved Societies, and in many ways has done much to increase the income of the Institution.

Nursing Committee.

The Nursing Committee which was instituted last year has been active during the year and, amongst other things, has investigated very fully the problem of a satisfactory superannuation scheme for nurses. Help towards a solution of the problem was afforded by Sir Edward Penton, who made a special visit to Cardiff to explain the working of the Federated Superannuation Scheme, and his aid was much appreciated by the Committee.

Nurses' Medals.

The gold, silver and bronze medals, which Sir William James and Lady Thomas so generously provide by endowment for the three best nurses of the year, have been gained by the following three nurses :—

Gold Medal	..	Nurse Iris D. Cox.
Silver Medal	..	,, Kathleen Jones.
Bronze Medal	..	,, Grace Miles.

Gifts.

We have received very many gifts during the year, and these are duly acknowledged in another part of this report, but there are several which I should like specially to mention here. In the first place, I should like to express my gratitude to Sir William Diamond for his continued success in finding large-hearted people who are ready to come to our aid when we are in need of various items of equipmeut. Early in the year it was decided that a Burrough's Adding Machine was required for the increasing work in the Accounts Department, and almost at once, Sir William found a friend, who desires to remain anonymous, who bore the cost of the machine. He also managed to find donors for a new Union Jack and a new Hospital Flag ; in the first case, Mr. J. Fraser, and in the second, Messrs. Sir William Seager & Sons, Ltd., to whom we are exceedingly grateful. Messrs. Neale & West have continued their kindness in supplying the Infirmary with regular and bountiful supplies of fresh fish. Mr. Day, manager of the

Empire Theatre, Cardiff, has been unfailingly kind in sending tickets for the excellent shows given at his theatre, and I should like to put my gratitude on record in this report. I also wish to thank Mr. Frederick Jones, our Honorary Consulting Engineer, for the signal services he has rendered in connection with the supply and haulage of the coal for the Infirmary. He has given up a lot of his time in dealing with the question, and the excellence of the results is most gratifying to all concerned.

Additions and Improvements.

The principal improvement carried out during the year under review was the installation of a central heating plant at the Maternity Department. This work was done by Messrs. G. H. Haden & Sons, of Trowbridge, and is a most useful addition. Prior to its introduction, the Maternity Department was heated by gas fires, and the results left much to be desired both from the point of view of efficiency and of economy. Too little time has elapsed to allow of any useful estimation of the new plant, but it certainly promises very well. For social and other meetings, 150 folding chairs were purchased and have proved their value in many directions. Twelve trestle tables were made by our own workmen, and these, also, are very useful for such functions as Alexandra Rose Day, and others of like nature, where money has to be counted. Howard Cottage at the rear of Anthony House finally came into our possession and was put in good condition. It is now occupied by one of our workmen, who looks after the heating plant at the Maternity Department. Some rearrangements and alterations were made in the Autopsy room of the Pathological Department, and have made it more useful for its purposes. The ambulance yard at the Longcross entrance to the Infirmary gave rise to numerous complaints owing to the amount of dust raised by the various vehicles using it, but this condition has been greatly ameliorated by having the entire yard tar-sprayed.

Painting and Cleaning.

Under this heading, I only propose to enumerate in the briefest possible fashion the work which has been done, but it will be realised that every endeavour is being made to keep the fabric in good condition, without too great an expenditure of money. All the work to be mentioned has been done by direct labour, and we continue to find the utility of this method of having this important work done.

Painting.

The whole of the Kitchen Flat; Thompson Ward; the Maternity Department; the whole of Anthony House; the Stores Department; Side Ward, Edward Nicholl Ward, and the Sister's Sitting Room; the Sister's Room, Charles Radcliffe Ward; Matron's Quarters; the Packing-Room and Sorting Room of the Laundry; the V.D. Department; Seager Theatre and adjoining rooms; the Surgery Class Room; the ceiling of Bute Ward; the Main Corridor ceiling; the Ceiling of the Aural Out-Patient Department Roof Lights over 1925 Ward; Head Porter's Office;

Shand Balcony Ceiling ; Assistant Matron's Room ; Porter's Room ; Room at Bedford House. In addition to this inside work, a considerable amount of outside ironwork has been painted, and this work will be continued as opportunity offers.

A number of ward lockers and other furniture have been painted and the necessary glazing done. This latter item is quite a large one, especially in view of the severe gales experienced towards the end of the year, when a lot of glass was broken.

Cleaning.

The Casualty Department, Massage Department, X-Ray Department, Edward Nicholl Ward, Llanbradach Ward, Plaster Department, Side Ward, 1925 Ward, Charles Radcliffe Ward, Seager Theatre, Ironing Room in Laundry (and white-limed), one side Ward of Llanbradach Ward, Ophthalmic Theatre and Sister's Sitting Room, Shand ward, Whole of Boiler House. All the windows of the Infirmary and its auxiliaries are regularly cleaned.

Other Work

Much useful work has been done by our own workmen in many other directions. The marble slabs composing the walls of Thompson Theatre were noticed to be loose, and after consultation with Mr. Fletcher, the Infirmary Architect, these were put right by means of plated metal discs at the angles. This work was done without putting the theatre out of commission. The roof of No. 3, Glossop Terrace had practically to be rebuilt in consequence of the ravages of the storm. New chimney stacks were built at the Maternity Department. Flat roofs in various parts of the Infirmary were asphalted and made watertight. At the Nurses' Hostel at No. 54, Newport Road, dry rot was discovered in some of the floors and window frames. All the bad parts were removed, and the frames were made in concrete, to avoid future trouble. Many hundreds of slates were replaced on the various roofs, and during the gales we were fortunate, due to the foresight of our Engineer, Mr. Smith, to have an adequate stock of slates for at that time it was almost impossible to purchase them locally. Routine inspection of the numerous electrical appliances and of all the heating systems has been carried out regularly, and we have had no serious breakdowns during the year. Steady progress has been made in replacing old faulty water and steam piping in different parts of the Infirmary, and we are now in a much better position in that respect than formerly.

Annual Meeting B.M.A.

The British Medical Association held its annual meeting in Cardiff in July, and many members visited the Infirmary. A Garden Party was given by the Board of Management, and although the invitations were nominally limited to 250, well over 300 guests attended and appeared to be well pleased with their visit.

V. A. D. Nurses.

Steadily throughout the year we have had invaluable help from members of Voluntary Aid Detachments, and it is only

fitting that they should be thanked for their spirit of devotion and self-sacrifice.

Blood Donors.

The wonderful service rendered by the members of the local branches of the British Red Cross Society as blood donors must also be mentioned. They are always ready to come forward when the call comes, and this real giving of themselves has afforded many poor sufferers a lift along the road to recovery. Once more it is a sincere pleasure to extend to them my personal thanks.

"Toc H" Services.

Another band of helpers to whom best thanks must be accorded are the members of the local branches of "Toc H" who have continued to give freely of their services in many directions. They are doing real good work, quietly and unostentatiously, but it is appreciated by those of us at the Infirmary who understand how much time and effort they are devoting to the interests of the patients.

Laundry Work.

A great deal of extra work has been thrown upon the laundry workers by the opening of Ware Ward, but it has been cheerfully tackled, and Mrs. Barry, the Laundry Superintendent, has not allowed the increasing demands upon her and her staff to interfere with the efficiency of the work done by them. To give some slight idea of the amount of work done, I may mention that the number of pieces dealt with weekly is in the neighbourhood of 20,000.

The figures for the year 1928 show a considerable increase over those of the preceding year in number of admissions, number of deliveries, and in every other respect. These figures are the largest yet reported since the opening of the Maternity Hospital, and it would seem that the capacity of our available 31 beds is almost reached. Of these cases, 205—just under one-third—were admitted under conditions of emergency, and it is to be noted that this class of case has been almost quadrupled since 1922.

This shows that the Maternity Hospital continues to be increasingly recognised as the centre to which such emergencies should be referred. In general, it may be said that such emergency cases, most of whom are gravely ill, are sent in at an earlier stage than in previous years, and this is all to the good of the mother and child.

The number of emergency cases admitted would indicate that the proportion of abnormalities of pregnancy and parturition continues to be high, and this is borne out on investigation, when fully one-third of the cases are found to be abnormal in one way or another. These abnormalities are, in a number of cases, grave, and emergency obstetrical operations, sometimes of a most serious and extensive nature, are often necessary for the relief of the patient.

The Ante-Natal Clinic, under the joint administration of the Royal Infirmary and City Health Authorities, continues to be an asset of increasing value. As the result of the work and observation carried out there, many cases are admitted for ante-natal treatment who, in other circumstances, would have run a grave risk in later pregnancy and labour. In this way many of the grave obstetrical operations referred to, with their attendant risks, can be avoided. This constitutes preventive medicine of the first importance, and even now we would appear to be on the way to reduce that maternal mortality in connection with childbirth which is referred to so often in the medical and lay press.

It has to be repeated that the Maternity Department of the Cardiff Royal Infirmary is now regarded by the public, both medical and lay, as a permanent and well-established institution on which an increasing reliance is being laid for the prompt and effective alleviation of this type of patient.

THE WILLIAM NICHOLLS CONVALESCENT HOME, ST. MELLONS.

The following are statistics relating to the Home for the year 1928 :—

	1927.	1928.
Admissions—Males	442 ..	491
Females	393 ..	396
	835 ..	887
Average daily number of patients resident	46 ..	43·6
Total expenditure on maintenance	£3,509 13s. 5d.	£3,628 13s. 8d.
Average cost per occupied bed per annum	£76 6s. 0d. ..	£83 4s. 4d.

There was an increase of 52 patients treated at the Convalescent Home in 1928, as compared with the number treated the previous year.

So many expressions of appreciation have been voiced by patients who have stayed at the Home, that it is not out of place to record such evidences of the value of the Home as a recuperative agency and as an indispensable adjunct to the parent Institution.

During the year under review, an appreciable amount of repairs and renewals has been carried out in and around the property. The whole of the buildings in the garage yard, the engine house and other outbuildings have been repainted, and shutes and timbering made good as required. A large underground storage tank in the area outside the kitchens had threatened, in the summer, to become a nuisance owing to the stagnant water in it, but thanks to Mr. J. A. Wilson, the Chief Constable, who arranged and supervised the pumping-out, the trouble was cured. After the water had been drawn off, there remained a foot of sludge at the bottom of the tank, but this was cleaned out, the tank lime-washed and disinfected, and to complete the job, arrangements were made to connect up a small petrol pump so that the tanks can be pumped dry frequently and kept clean.

A noteworthy improvement on the estate was the alteration of the entrance gate near the lodge on the main Newport Road. Under the Monmouthshire County Council's Road Widening Scheme, we gave up a small portion of land on the extreme corner of the lodge garden. The County Council, in return, rebuilt the

boundary wall and moved the entrance gates, thus giving a much safer means of egress to the main road, besides adding to the appearance of the property.

Another improvement effected was the conversion of a large stable into an entertainment hall. The whole of the alterations necessary were carried out by employees of Sir William Diamond, who, in response to his appeal, willingly offered to come out in the evenings after their day's work at the Docks was done, and do what was necessary. It was a big job, but it was tackled in such a spirit of enthusiasm, and with such energy, that it was completed in a week. Our warmest thanks are due to these men, who so willingly gave of their skill and time as to put at our disposal a handsome concert room which has proved a great acquisition to the amenities of the Home.

The materials necessary for the work were generously provided, free of cost, by the following firms, to whom we are extremely grateful for such substantial gifts in kind :—

TIMBER, given by		Messrs. Robinson, David & Co., Ltd., and Messrs. Denny, Mott & Dickson, Ltd.
CEMENT	,,	Messrs. Slocombe, Williams & Co., and Messrs. D. Morgan & Sons, The Parade.
SAND	,,	Messrs. F. Bowles & Son.

A much needed and appreciated addition to the equipment in the Home was the provision of ventilated steel lockers, sufficient for each patient to have a personal locker for the storage of his or her own foodstuffs, etc.

It gives me pleasure again to acknowledge the kindness of Sir William Edgar and Lady Nicholls, who continue to send gifts for the patients and staff from time to time, and to visit the Home as often as opportunity offers.

Our thanks are also due to Mr. C. C. Llewellyn Williams, of Llanrumney Hall, who has repeated his many former kindnesses, and has made many gifts of rabbits to the Home. We have also to thank Viscount Tredegar for generous gifts of pheasants.

Our old friend, Mr. T. C. Pleydell, made us a very practical gift in the form of a settee and divan chairs and other furniture, which have been used in the Women's Lounge.

The Infirmary suffered a loss last Spring in the death of Mr. M. Pritchard, who had been head gardener at Lavernock and afterwards at St. Mellons. Mr. Pritchard had always served the Institution most conscientiously, and, in his passing, the Home lost a faithful servant.

The steady labour put in on the gardens is indicated by the greatly increased output. For many months during the year, the needs of the Main Hospital as well as those of the Home itself have been met as regards green vegetables. It is a matter of no small gratification that we now obtain so ample and so fresh a supply of vegetables. Produce to the value of £180 14s. 2d. was supplied to the Main Hospital, of £159 0s. 11d. to the Convalescent Home, and £35 16s. 8d. was realised by Cash Sales. More ground has recently been turned in and about five acres are now under cultivation. It is anticipated that all our needs in the way of vegetables will, in future, be catered for.

At the beginning of 1928 we had pigs on hand valued at £48. Sales of pigs bred during the year amounted to £114 15s. 6d., and adding the value of pigs on hand at 31st December, 1928, *i.e.*, £51, and after deducting the expenditure for the year, £66 6s. 6d., the piggeries show a profit of £99 9s. 0d.

The arrangements made by Mr. J. A. Wilson for the sheep grazing from August, 1927, to May, 1928, resulted in an income of £41 13s. 4d., a substantial improvement over former years. In addition, a rick of hay of about five tons was made for use at the Home. Mr. Wilson has again fixed up an agreement for the grazing of about 32 ewes during the present season, and, if better weather conditions prevail, an improved profit may be anticipated.

Prior to concluding this report on the activities of the Home, I should like to pay a tribute to the excellent work done by Mr. A. J. Brazington, who succeeded Mr. Pritchard as head gardener. He fully realises the needs of the Institution, and exercises the utmost care and foresight in catering accordingly.

It will be noted that there is an increase in the cost per bed at the Home. Examination of the accounts will show that this is due in large measure to the expenditure on Establishment Repairs and Renewals, and on the comparatively small number of beds, this has a somewhat disproportionate effect on the bed costs.

* * * * * *

In bringing my report to an end, I should like once again to thank all my colleagues, and more especially those intimately associated with me, for their willing and loyal co-operation. I am glad to be able to state that things have never been happier during my tenure of office, and it is a great encouragement to have so many conscientious workers around one.

R. ARMSTRONG,

MEDICAL SUPERINTENDENT.

SECRETARY'S REPORT.

Income and Expenditure.

The Income on Working Account for the year amounted to £82,643 2s. 10d., which includes the Maternity Hospital revenue, £3,084 2s. 0d.; the William Nicholls' Convalescent Home (St. Mellons) revenue, £704 11s. 7d.; and £18 0s. 0d. for Pupils' Lecture Fees at Anthony House.

The Expenditure on Working Account amounted to £69,532 17s. 0d., which includes £10,491 6s. 7d. on the upkeep of the Infirmary's Auxiliaries; the Maternity Hospital, £5,870 0s. 4d.; the William Nicholls' Convalescent Home, £4,070 11s. 11d., and the Preliminary Training School for Nurses at Anthony House, £550 14s. 4d.

In addition to the a bove-mentioned Income and Expenditure on Working Account, the sum of £3,228 1s. 6d. was expended on Capital Account (including the investment of Legacies and Donations amounting to £1,050), Capital Donations of £1,271 7s. 11d. were received, the balance being defrayed by Working Account.

Year's Working.

Briefly summarised, the year's financial statement was as follows:—

	£	s.	d.	£	s.	d.
INCOME.						
Working Account	82,643	2	10			
Capital Account	1,271	7	11			
				83,914	10	9

CARDIFF ROYAL INFIRMARY.

REPORT OF ELECTRICAL DEPARTMENT FOR 1928.

MEDICAL OFFICER - OWEN L. RHYS, M.D., B.CH.

Comparative figures of the work done in the years 1927 and 1928 are given below :—

X-Ray Photographs ..	9,484	..	9,871
Treatment Applications ..	527	..	603

The work of the Department has steadily increased during the year, about 400 more films being taken, in spite of every effort having been made to economise. The apparatus has worked without a hitch every day in the year, and this shows the scrupulous care shown by the Sister and Nurses.

During the last year we were very sorry to lose Miss Phillips, who left on her marriage after seven years' valuable work. We have been fortunate in securing as her successor Miss Robinson, lately Sister-in-charge of the Royal Gwent X-Ray Department, and under her the work of the Department has been most efficiently carried on.

REPORT OF PHYSIOTHERAPEUTIC DEPARTMENT FOR 1928.

MEDICAL OFFICER: T. GARFIELD EVANS, M.D., B.S. LOND., D.M.R.E. CAMB.

	1927.		1928.
Total Number of Out-patients' attendances	21,216	..	22,718
,, ,, In-patients' ,,	4,291	..	4,258

In 1928, 5,922 "Sun Treatments" were given, as compared with 5,086 in 1927. A new carbon arc lamp has been added to the equipment of the department.

Fracture cases form a large proportion of the cases treated at the department—these cases often come long distances and are brought down in ambulances.

Special remedial exercise classes have been instituted to promote as early a restoration of function as possible—these classes have been found of great value, and are well attended. One of the students of our school passed the Conjoint Examination in Massage and Remedial Exercises of the Chartered Society of Massage and Medical Gymnastics, and the other student passed the Examination in Remedial Exercises. In September, 1928, nine new students entered the school for their course of training.

I appreciate very much the very valuable work of Miss Smith and her staff in the department.

ANNUAL MEETING OF THE GOVERNORS.

THE ANNUAL MEETING of the Governors of the Cardiff Royal Infirmary was held in the Council Chamber at the City Hall, Cardiff, on Thursday, the 28th day of February, 1929, at 4.0 o'clock p.m., under the presidency of The Lord Mayor (Alderman W. R. Williams. J.P,).

The Secretary read the notice convening the Meeting.

The Minutes of the Annual Meeting of Governors, held on February 29th, 1928, were read and confirmed.

Votes of condolence with the relatives of the late Lord Aberdare, Hon. Treasurer of the Institution, 1904-1929, and of Dr. W. T. Edwards, J.P., formerly Principal of the Baptist College at Cardiff, were carried, all present standing.

The Report of the Board of Management and Statement of Accounts for the year 1928 were submitted.

Proposed by Sir William H. Diamond, K.B.E., seconded by Mr. Frederick Jones, and unanimously resolved :—

> " That the proceedings of the Board of Management for the past year be confirmed, and the Report, just received, with the Statement of Accounts, number of Indoor and Outdoor Patients, and a List of the Subscribers be printed and a copy sent to each Subscriber."

Proposed by the Rev. David J. Thomas, M.A., seconded by Mr. W. Trenchard, and unanimously resolved :—

> (*a*) " That His Royal Highness The Prince of Wales, K.G., be re-elected President of the Incorporated Hospital."
>
> (*b*) " That the Most Honourable The Marquess of Bute, K.T., and the Right Honourable The Earl of Plymouth be re-elected Vice-Presidents of the Incorporated Hospital."
>
> (*c*) " That Sir William James Thomas, Baronet, be elected Honorary Treasurer of the Corporation."

Proposed by Colonel David Hepburn, M.D., seconded, by Mr. T. Allan Johnson, J.P., and unanimously resolved :—

> " That the best thanks of this Meeting be given to the Chairman and the Board of Management for their attention to the interests of the Institution during the past year."

Sir William H. Diamond, K.B.E., responded.

Proposed by the Rev. F. W. Rees, M.A., seconded by Mr. Trevor Morgan (Aberfan), and unanimously resolved :—

> " That the best thanks of this Meeting be given to the Honorary Medical and Surgical Staff for their valuable services during the year ; all Subscribers and Donors ; the Cardiff and District Hospital Society ; the Hospital Sunday Fund ; the Local Press ; and to every person, agency, or organisation which in any way has assisted the work of the Infirmary."

Mr. William Martin, M.A., M.B., on behalf of the Medical Board, acknowledged the thanks of the Governors.

Proposed by Mr. Samuel Fisher, J.P., seconded by Mr. G. G. Evans, and unanimously resolved :—

> " That Mr. Gilbert D. Shepherd, F.C.A., be reappointed Auditor to Cardiff Royal Infirmary for the current year, and that his remuneration be fixed at £63."

The following thirty-six Governors were elected to serve on the Board of Management for the ensuing twelve months :—

I have audited the Balance Sheet of the Cardiff Royal Infirmary, dated 31st December, 1928, above set forth. In my opinion such Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the affairs of the Infirmary according to the best of the information and explanations given to me and as shown by the books of the Infirmary. I have received certificates from the Charity Commissioners and various Banks in respect of the Inscribed Stocks and have inspected the securities in the hands of the Trustees (with the exception of those relating to the house in Union Street).

(*Signed*) GILBERT D. SHEPHERD, F.C.A.,
Auditor.

CARDIFF ROYAL INFIRMARY.

CARDIFF & DISTRICT HOSPITAL SOCIETY.

With a deep sense of gratitude does the Committee present to the contributors the report of the Society for the year 1928.

The year's receipts amounted to £24,641, an increase of £535 over the previous year.

This growing tendency in contributions is a distinct sign of appreciation by the workers of the valuable service rendered the sick and injured of our City and District by the Infirmary.

And it is not to be wondered at. Simply a glance through the Annual Report will at once convince anyone, anywhere, of his or her duty to help in the great cause of healing the afflicted of this vast industrial community.

The Committee has every reason to believe that, with the revival of trade, and a healthier symptom in industry, the revenue may steadily increase, and consequently be an incentive to the accomplishment of a greater volume of remedial work at the Infirmary.

The co-operation of employers and employed is essential if the Institution is to succeed in extending the present limits of its activities, and to cope successfully with the great demand for its services.

To achieve this splendid purpose it is necessary to establish at every place of employment the deduction of **Two Pence per week,** since, of all methods of finance, this proves to be the most effective in its results, as thousands of workingmen and women can testify by actual experience.

The Committee again desires to thank all those that helped in this great work of the Society.

On behalf of the Committee,

SAMUEL FISHER,

WILLIAM JAMES THOMAS,

ROWLAND EVANS.

CARDIFF ROYAL INFIRMARY.

WOMEN'S WARD.

REPORT.

We regret to say that our Annual Report is not quite as satisfactory as it usually has been.

There are the seven beds endowed by the late Mr. Archibald Hood, the late Lord Merthyr, the late Mrs. Walter Insole, the late Miss Clara Thomas, Llwynmadoc, and Lady Aberdare, and those from Pontypridd and the Rhondda Valley, but only four of the remaining nine beds have been subscribed for this year.

The cost of each bed is £52 10s. 0d., and we should be most grateful if some generous friends would help to maintain them.

From the 1st January to the 31st December, 408 cases were admitted into the Ward.

The Gynaecological Theatre has again proved of great benefit to the patients in this Ward.

We have again to thank the local Secretaries and Subscribers for their kind assistance during the past year.

Samaritan Fund.

Founded 1895.

The object of this Fund is to fit necessitous In-patients, who have recovered from their illness but have not regained their strength to go to work again. This is done by sending some away to Convalescent Homes, by helping others to procure necessary surgical appliances too costly for them to obtain themselves, or by rendering such other assistance as may be necessary.

REPORT, 1928.

The Committee have much pleasure in presenting their 34th Annual Report. Forty-six patients have received help during the year.

Twenty-seven surgical and other appliances have been supplied, including Thomas' Hip Splints, abdominal belts, tracheotomy tubes, a spinal jacket, artificial teeth and eyes. Ten applications were granted for railway fare to enable discharged patients to continue treatment in the Massage Department. One fare to and from London Radium Institute was paid for special ophthalmic treatment which resulted in a complete cure with eyesight restored. Extra nourishment was provided to four very necessitous patients on leaving

the Infirmary. One patient was sent for a fortnight to Dulwich House Convalescent Home ; one helped with her payment that was owing to Glossop Terrace Maternity Home ; and the remaining two applications granted were for an Ambulance fare and clothing.

Eleven patients have contributed to the cost of their Surgical Appliances, but in nearly half the cases assisted this year the bread-winner of the family has been unemployed, and in all there has been great poverty.

A most splendid parcel of warm clothing has been received from Mrs. Paterson, and we again ask for further help in this way—many patients being sadly in need in this respect. Gifts of second-hand clothing may be sent to :—

Miss Margaret Davies,
Matron, Cardiff Royal Infirmary,

marking the gift " Samaritan Fund " Clothing.

We sincerely thank all those who have contributed to this Fund.

Associates are especially requested to send gifts of money as it is difficult to assure that articles are of standard size and quality. Moreover, the actual requirements of the Infirmary can be purchased more satisfactorily and more economically when fairly big orders are placed, than by the various and varied purchases of individual Associates.

WITH THE VIEW OF MINIMISING THE COST OF PRINTING THIS REPORT, a number of advertisements have been included. While the revenue resulting therefrom is of appreciable value to the Infirmary, it is hoped and anticipated that a perusal of the pages devoted to such advertisements will be of interest to our Readers and may be the means of introducing them to Firms who have goods or services to offer of which Readers may profitably take advantage. :: :: ::

IF SUCH SHOULD PROVE THE CASE, Readers are asked to be good enough to mention this Report as the medium of introduction. :: ::

The confidence of the MEDICAL PROFESSION

Benger's Food has gained its unique position not by extravagant or sensational advertising but by the constant recommendation of medical men and women. To-day it is universally used not only at home but throughout the world. Few foods have so enjoyed the approbation of the Medical Profession for over 40 years.

Benger's Food differs from all other foods in that it is especially prepared to adjust fresh cows' milk or cows' milk and water so as to suit the condition of any patient. While it is largely used as a routine treatment in all cases of disordered digestion the following comments, which have been recently made by Doctors, indicate some specific uses to which Benger's Food has been put.

DYSPEPSIA.

"routine food in all cases of dyspepsia and disordered digestion."

"used for invalids and all gastric cases."

INFLUENZA.

"very largely used for Influenza in all its forms."

CANCER.

"invaluable for cancer of the throat."

"cancer of the stomach—doing well on Benger's Food."

THE AGED.

"very beneficial for man of greatly advanced years"

"invariably used for invalids and aged persons."

A Physician's Sample will be sent post free to any member of the Medical Profession making application to the Proprietors—

— floors that reflect refinement

A Parquetry or Wood-block Floor gives an air of dignity and refinement to a room that no other form of Flooring can bestow.

Parquetry is inexpensive, needs no carpet, hygienic, considerably lightens work.

Wood-block Floors increase in beauty with age, are simple to keep lustrously clean, and are perfect for dancing.

They are surprisingly low in first cost, and, once laid, are good for generations.

We are experts in the production of these floors. Write for particulars and prices.

During Convalescence

JARDOX is invaluable because it provides just that stimulating, easily assimilated nourishment so essential for the rebuilding of worn nerves and tissues of the body.

JARDOX contains an exceptional proportion of body-building material—fibrins, coagulated albumins and soluble proteins—all important during convalescence.

JARDOX is essential to invalids, convalescents, and to those who do more than their usual share of mental or physical work. JARDOX is a great restorative.

JARDOX

The Real Beef Tea with
The Real Beef Flavour

Because Jardox is absolutely pure and non-irritant to the digestive Organs, it is used exclusively in the leading hospitals.

"THE LANCET" says: "Besides its stimulating properties, this preparation provides a definite food value due to proteoses, fibrin and albumin."

"THE MEDICAL OFFICER" says: "JARDOX may be accepted as a pure Beef Tea which is not only a stimulant, but also a food with a real staying power, in easily digestible form."

Electric Signs bring bigger business

—especially when they are SIMPLEX signs. They are always on duty, day and night, drawing custom as a magnet draws steel.

For the Service they give, their cost is surprisingly low. *Any pattern with any wording can be made.*

A SIMPLEX Sign is at once the cheapest and most effective way of putting your name or goods before the public.

"I Choose LIPTON'S because of its superb Flavour!"

In every quarter of the globe, the name of Lipton stands for Tea of the finest Quality. Choice leaf, skilfully blended and brought to perfect condition—that is what you get when you buy Lipton's Tea. And the Value is as exceptional as the Quality.

LIPTON'S TEA

DIRECT FROM TEA GARDEN TO TEA POT.

Branches and Agencies throughout the World.

The Inevitable Choice!

The proven qualities of

WALPAMUR PRODUCTS

have won them an unequalled reputation that extends far and wide. They are noted for their perfect quality, reliability and durability. Two outstanding examples of the high Walpamur Standard are Walpamur Water Paint and Duradio Enamel Paint. They are the inevitable choice in the decoration of all Government Buildings, Hospitals, Asylums, Institutions, Sanatoriums, and Public Buildings.

WALPAMUR Water Paint

A washable, flat paint, which has an even, smooth and non-absorbent surface, easily kept clean and of extremely good appearance. Walpamur is fixed with oil and is guaranteed harmless under all conditions. Quickly and easily applied, it dries rapidly leaving no unpleasant smell. It is permanent and, unlike distemper, need not be scraped off prior to repainting.

DURADIO Enamel Paint

A paint with a high gloss finish, suitable for interior or exterior work. Its strong anti-corrosive qualities pre-eminently fit it for use in exposed places whether on wood, metal, stone or plaster. It presents a strong, tough glossy film, impervious to moisture and the severe atmospheric conditions of the city and the seaside.

OF

Domestic Efficiency

THE HOUSEWIFE APPRECIATES the easy manipulation of GAS Appliances.

Economy and Convenience is an appeal that Gas can meet.

Every link in the chain helps to reduce Domestic Drudgery in Cooking, Heating or the many requirements where Hot Water is required.

Gas Lighting is Healthy Illumination!

¶ It lights, warms and ventilates, besides acting as an Incinerator of Germs in occupied Apartments

¶ To obtain the Best Gas Lighting Good Incandescent Burners should be used—Cheap, shoddy burners waste Gas and give poor value.

THE COMPANY recommend their tested Burners to give satisfaction and supply and fix these for 2/6 complete with mantle.

A valuable addition to the staff

Its a memorable occasion when WYANDOTTE DETERGENT is appointed to the permanent staff. Ever after dirt and grease vanish from gloss painted surfaces in a surprisingly easy and rapid manner. Colours recover their original richness in astonishing fashion without the slightest damage to their delicate surfaces; repainting with its attendant expense is less frequently required.

Wyandotte Detergent

is simple to use and harmless in application. Unskilled cleaners can be quickly instructed in its use, with gratifying results.

Its uses in Hospitals and Institutions are manifold; use Wyandotte Detergent on gloss painted walls, ceilings and woodwork, enamelled beds and surfaces, tiles, mosaic floors, wainscoting; also linoleum, rubber and composition floors and set a new standard in cleansing.
